

# Meet Mrs Pilkington

My favourite colour is green because it reminds me of nature.

My favourite subject is science because the world around us is so fascinating!

My favourite animals are horses and dogs; I have a cheeky rescue dog called Blue!

My favourite author is Roald Dahl because his books started my love of reading at Primary School.

My favourite sport (you might have guessed!) is horse riding in the countryside.

My favourite foods are crisps and juicy nectarines.

## A list of my favourite things

## Photo of me

## About me:

My name is Mrs Pilkington and I am the one of the Reception Class Teachers.

I also lead science in school. I have taught at Parkroyal for over 10 years and I absolutely love this special school.

When I am not at school I like to go walking in the countryside, usually with my two children, my husband and our dog. I also help to look after my friend's horses so I am always outside in the mud and rain!

My classroom is called RP, Mrs Zeal is next door in RZ. We haven't decided yet what class you will be in.

Just like you, I am new to Reception and I am looking forward to making our classroom interesting, lively and welcoming. There is always so much to enjoy doing in Reception. I am sure you will have fun exploring the different areas and learning new things.

## About the classroom

## Expectations and communication

Although we learn lots through play, we do have some taught sessions during the day. We will come together on the carpet for phonics, maths, songs and story time. We do short activities at tables, for example learning to write our names.

We often post photos of your learning on Tapestry so your families can see what you have been learning. We like it when they post photos of your learning at home too.
